

# **SOUTH CENTRAL DISTRICT FALL FIRE SCHOOL**

## **SUNDAY SEPTEMBER 19, 2021**

### **Tripp, SD**

#### **Vehicle Extrication:**

This class will consist of both classroom lecture and hands-on training. Classroom time will be spent with a short lecture, followed with a discussion on construction trends in newer vehicles, extrication procedures and terminology, as well as other safety measures and topics.

The hands-on training will consist of various techniques used to remove vehicles from trapped patients.

Head, face, eye, hearing, hands, and feet protection required (no soft toed boots/shoes or tennis shoes allowed).

Instructor: **Joel Reiter** (EMT training hours approved)

#### **Grain Bin Rescue:**

For emergency responders who may respond to persons trapped in a grain bin, bulk feed, bulk seed, or related materials at a farm or grain handling or storage facility.

Morning classroom session will compare commercial rescue tube features and benefits, review basic rescue procedures and discuss equipment your organization currently has available to access a person and what else may be needed.

Afternoon hands-on rescue evolutions will be held at a nearby grain handling facility. Hazards to responders will be identified with solutions discussed. Patient assessment and treatment reviewed. PPE required: eye protection, hearing protection, lightweight helmets and leather gloves. Coveralls and lace-up boots recommended.

Instructor: **Paul Schreck** (EMT training hours approved)
